BREAKTHROUGH is an accelerator program that enables early-stage startups to find their product/market fit. During this nine-week program, founders will validate their concepts in real market conditions to turn their vision into products customers will love!
In a Nutshell

- 9 weeks of acceleration
- 30+ Workshops & events
- 80+ mentors and experts
- € prizes and publicity
- no program fee

www.up2b.io/breakthrough
WHO WILL BENEFIT?

Founders who have already put some work into finding solutions to a real business problem.

Startup teams who are open to pivoting and changing their approach while learning the specifics of their customers and markets.

WHAT IS HAPPENING?

In just nine weeks, interaction with customers, 30+ workshops in different cities and three public pitch events will help you to solidify your product/market fit. With over 40 online courses, methods, tools and other material, you will be equipped to lead your startup towards financial success.

WHAT DO YOU GET?

Besides a lot of fun, networking, intense feedback and qualitative workshops, you will enjoy a steep learning curve and enjoy making your startup more relevant. Furthermore, you will take the methods and tools, business connections and true friendships to other aspiring founders with you.

Daniel Spitzer,
CTO 100 Worte GmbH

“Joining the Breakthrough batch of 2016 was one of the best decisions I could have made for my startup. In this program I clearly identified the next critical steps. More importantly, I received the necessary guidance and support in taking those steps.”
